le and Sudden Declines and ivances Succeed Each Other in Rapid Succession.

SW YORK, May 21 .- The movement irices in the stock market to-day erratic to a high degree, and wide sudden declines and advances sucled each other in rapid sequences. 4 of the day's business was conferday, and comparison with prices he first of the week revealed reons running to four to five points ome of the leading active stocks. Ittle attention was paid to events ling on outside affairs, and none y reported of great importance, ked States Steel was almost imvable most of the day and took nore in the feverish fluctuations in er quarters of the list. The assert persisted that a practical alliance is been formed between the Gould Harriman railroad interests, and incial backing for the alliance from e. Rockefellers.

The declaration of a cash dividend 2.1-2 per cent. for Atlantic Coast e, contrasted with 3 per cent. in ip for the preceding period, was iepted as a hopeful augury for other iroad stocks. Some expressed unsiness over crop conditions was and while prices were declining, a raily in effect when the market ysed was more decisive than any of e other numerous partial recoveries ring the day. Union Pacific strons, ree point advance was of marked ntimental effect, and as a consequence gains over last night were the le for final prices.

Bonds were irregular. Total sales ands, par value, \$3.155,000.

United States bonds were unchanged call.

Total sales of stocks to-day were ed at prices below those ruling terday, and comparison with prices

COTTON MARKETS.

NEW YORK, May 21.—After a lower of coling the cotton market railled and ruled very firm in the late trading, the close being firm at a net advance of 17@29 points, false were estimated at 30,000 bales. The market opened harely steady at a decline of 5@39 points in response to lower cables, and during the early session July sold at 9.48 gad October at 9.06. There was a good deal of buying by recent sellers on the initial faciline, and the market soon railled. During the middle session there was more or less nervousnness and irregularity, but the market showed a steady tone, and just be market showed a steady tone, and just be market showed a steady tone, and strong with fluors became very active and strong with those became very active and strong with those became very active and strong with fluors became very active and strong with fluore the strong the day that a prominent Wall Street opens the day that a prominent Wall Street opens the day that a prominent Wall Street opens and was exceeded for contracts in October and was overage and the advance was also said to be couraged by private predictions of unsettled weather over the week end, although the floicial weather map and forecasts were not considered unfavorable. Some wires were received from Fall River claiming that mills there were going on full time in the near future and, generally speaking, advices from fall swell sulming that mills there were going on full time in the near future and, generally speaking, advices from fall such the ports to-day were 7.197 bales against the ports to-day were more encouraging. Scuthern spot markets were unchanged to 3. The lister, for the week 5.00 bales against 50.996 inst week and 6.670 bales against 1.231 last year, To-day's receipts at ew Orleans 4.102 bales against 2.341 last year.

Futures opened barely steady and closed firm.

Hogs—Receipts, 2.516 head. Feeling steady. Prime New York State hogs at \$6.10.

MISCELLANEOUS MARKETS. DRY GOODS MARKET.

DRY GOODS MARKET.

NEW YORK, May 21.—The demand for brown and bleached cotton goods has been larger in the market and prices on ticketed bleached goods are hardening again. Converiers are still buying steadily. Cotton yarns are framer with a slight business done. Heavy cottons are in better call for converters' uses. Raw slik is firmer and higher lens' wear markets are reporting progressive improvement. Late openings of spring goods are being advocated.

Futures unchanged to 5 points lower. But casks. Rosin—Steady at 414c.; receipts, 234c.; common to finest, 17423c.; common to fine
